

Zip filtered **water systems.**

Chilled or unchilled filtered water always on tap. *Sparkling, too!*

For healthier drinking, Zip now filters your water **25 times finer.**

It's the world's last word in water filtration.

New Zip 0.2-micron filters reduce chlorine taste and odour and filter out particles more than one fifth of a micron in size – that's one five-thousandth (1/5000th) of a millimetre – twenty five times finer than commonly used 5.0 micron filtration, designed to filter out both Cryptosporidium and Giardia cysts and other impurities, for crystal-clear great-tasting water and healthier drinking.

This is arguably the most advanced and most practical water filtration system available anywhere today, developed to meet our exacting specifications by the world leader in water filter technology.

Zip 0.2-micron filter cartridges are hygienically encased for fast and easy filter cartridge replacements. Cartridges are replaced each 12 months, or earlier if a high level of usage makes it necessary..

Look for the NSF symbol on any water filter label. It is the only way you know for sure that your filter is tested and certified by the globally recognised NSF International organisation against the NSF/ANSI standards 42 and 53.

Which Zip filtered drinking water system is **best for you?**

Zip offers the world's most comprehensive range of 0.2 micron filtered drinking water systems for your home or work.

Zip **CHILLTAP**

Chilled filtered drinking water at a fraction of the cost of bottled water.

Page 6-7

Zip **CHILLTAP EXTRA**

Chilled filtered drinking water plus ambient (cold) filtered drinking water.

Can be installed away from any sink with the optional Zip "font" accessory.

Zip CHILLTAP™.

Chilled filtered water at a fraction of the cost of bottled water.

Zip Chilltap is the most popular Zip filtered drinking water system for homes. The stylish tap gives fingertip control for filling glasses, carafes, jugs or bottles. The tropic rated chiller is super quiet. The Zip 0.2 micron filter cartridge hidden away beneath the bench is NSF certified to filter out chlorine taste and odour, particles and microbial cysts larger than 0.2 micron, and lead.

Zip **CHILLTAP™ EXTRA.**

Chilled filtered drinking water plus ambient (cold) filtered drinking water.

Zip Chilltap Extra not only brings you great-tasting, healthier chilled drinking water, but filtered ambient (cold) water too, eliminating the need for a separate cold water tap in the same location. It's handy to have both chilled and unchilled filtered water at your kitchen sink – chilled for drinking, cold for rinsing and cooking. The Zip 0.2 micron filter cartridge is NSF certified to filter out chlorine taste and odour, particles and microbial cysts larger than 0.2 micron, and lead.

Zip CHILLTAP™ SPARKLING.

Chilled filtered drinking water plus sparkling filtered drinking water.

When you have a Zip CHILLTAP SPARKLING in your home or office kitchen, bar or barbecue area, you can offer your visitors a real treat in a flash – refreshingly-chilled filtered sparkling drinking water that tastes great on its own, and enhances the flavour of wines, spirits, cordials and fruit juices. It costs far less than bottled sparkling water, and promotes healthier drinking because it is always on hand. So serve it up – sparkling water by the glass or carafe!

Zip HydroTap **CHILLED.**

The chilled-water-only version of the famous Zip HydroTap.

Zip HydroTap gives boiling and chilled filtered water, instantly – and now with the option of sparkling water, too. Zip HydroTap CHILLED dispenses just one thing – chilled filtered drinking water. Favoured in homes where boiling and chilled filtered water is on tap in the kitchen, yet a matching tap with access to “chilled water only” is needed for the rumpus room or cabana bar, or in ensuites and bathrooms. Everyone loves to help themselves to chilled filtered water by the glass or carafe.

Zip HydroTap **CHILLED.**

Zip **FILTER TAP.**

Simply ambient (cold) filtered drinking water by the glass, bottle or jug.

Zip Filter Tap is the simplest and most inexpensive way to enjoy the benefits of having great tasting filtered drinking water on tap wherever you want it – in your home, office, factory, school, gym or clinic. As with the Zip Chilltap, the Zip Filter Tap is equipped with a Zip 0.2 micron filter cartridge which is NSF certified to filter out chlorine taste and odour, particles and microbial cysts larger than 0.2 micron, and lead.

Simple **INSTALLATION.**

You can install your Zip filtered drinking water system just about anywhere.

1. Zip **CHILLTAP**

2. Zip **CHILLTAP SPARKLING**

(tap dimensions for Zip CHILLTAP EXTRA are the same)

Kitchen tap filtration.

An alternative filtered drinking water system can be created by installing a Zip Global Plus high volume water filter. Developed initially for the food service industry, Zip Global Plus filters provide high flow rates and have high water volume capacity. Recommended is the Zip Global Plus 60S filter, 0.2 micron filtration, 12.6 litres per minute flow rate, and 132,000 litre capacity. Zip Global Plus Filter & Head Kit Order Code 92299. Replacement Filter Code 90993.

4. Zip FILTER TAP

Your choice of Zip filtered drinking water is so right.

Whichever Zip filtered drinking water system you choose, you can be certain of one thing. Nobody offers you a more advanced water filtration system than Zip.

Zip has installed hundreds of thousands of filtered instant boiling water systems and filtered chilled drinking water systems in Australian homes, offices, hotels, motels, restaurants, factories, hospitals, clinics, schools, universities and public buildings in every part of Australia.

Our practical experience in supplying, installing and maintaining those filtered water systems has led Zip to introduce a new and superior range of state-of-the-art water filter systems, bringing you better tasting, healthier drinking water.

You can be confident that the Zip filtered drinking water system you choose today is a sound investment, because it is by far the best of its kind, designed to bring you crystal-clear, great-tasting healthier water for many years to come.

Comprehensive warranty.

The Zip filtered drinking water systems shown here are covered by a 12 month parts and labour warranty, with the exception of the Zip HydroTap CHILLED, which is covered by a 24 month warranty. Please note that water filter life may vary according to water quality and usage. Consequently filter replacement is not covered by the terms of any Zip warranty. Full warranty details for each product range are shown on www.zipindustries.com

Filter replacement.

Zip offers you the convenience of an ongoing filter replacement service. Filter cartridges should be replaced each 12 months, or earlier if a high level of usage makes it necessary. You can replace filter cartridges yourself, or ask for a trained Zip technician to replace them at set intervals. For filter replacement plans, call Zip Customer Care on 1800 42 43 44.

Prompt service.

Your Zip filtered drinking water system is designed to give many years of service. However, like any kitchen system, it may need attention from time to time to keep it in top operating condition. To provide prompt service in any location, Zip has established a network of more than 300 Zip trained service providers covering every part of Australia – for installation, repairs, or routine periodic maintenance. Zip also conducts regular installation and maintenance schools for professionals.
