## **EMILIA** 53cm STAINLESS STEEL COOKERS

### *Heart of the kitchen*

*The people of Emilia Romagna eat more, care more and talk about food more than anyone else in Italy” Claudia Roden – “The Food of Italy”*

Upgrade to a European cooker without having to upgrade your kitchen. Emilia EM Series 2 compact cookers are the perfect European solution for anyone wanting to upgrade from a standard white cooker.

Emilia Glem designed this cooker in Italy specifically for the replacement market in Australia where the 53cm width allows an Emilia EM cooker to fit into the space of a standard white cooker. No need to change cupboards or modify benches. It is the easy way to update your kitchen with a European appliance.

# EMILIA EM SERIES 2 COMPACT COOKERS

There are two oven options to choose from:  
EM534MVIB2 - Clean, efficient, economical gas oven with fan assistance or EM534EI2 fan forced electric oven.

## EM534MVIB2 – FAN ASSISTED GAS OVEN

- 4 burner gas hob
- Heavy duty cast iron trivets
- Fan assisted gas oven
- Static gas oven function
- Fan assisted electric grill function
- Static electric grill function
- 60 minute timer
- LPG conversion kit included

## EM534EI2 - FAN FORCED ELECTRIC OVEN

Still an easy 10 amp plug in electrical connection

- 4 burner gas cooktop
- Heavy duty cast iron trivets
- Fan forced electric oven
- Fan assisted electric grill function
- 60 minute timer
- LPG conversion kit included

## EM RANGE FUNCTIONS

### GAS FAN OVEN FUNCTIONS

#### FAN ASSISTED GAS OVEN

Gas baking with fan assistance. Eliminates cold spots when cooking on more than one shelf. Great even heat distribution.

#### FAN ASSISTED ELECTRIC GRILL

Electric grill element operates with fan assistance.

#### STATIC GAS

Gas baking without fan assistance for those times when you don't air movement in the oven.

#### STATIC GRILL

Electric grill element. Closed door grilling for improved efficiency and cooking smell retention.

#### OVEN LIGHT

### ELECTRIC OVEN FUNCTIONS

#### FAN FORCED

Fast heat up and rapid cooking from a circular element around a fan that pushes the heat through for maximum efficiency.

#### FAN ASSISTED ELECTRIC GRILL

The grill element operates with fan assistance which is excellent for thicker cuts of meat.

#### OVEN LIGHT

## FEATURES

### TWO OVEN OPTIONS

There are 2 models available. Both have a 4 burner gas hob. The EM534MVIB2 has a fan assisted gas oven and the EM534EI2 has a fan forced electric oven.

### LARGE OVEN CAPACITY

The oven capacity is 67 litres with 60 litres of usable space. That's the same capacity as a European 60cm freestanding cooker.

### INTEGRAL GRILL WITH FAN ASSISTANCE

Both models have electric grills and grilling is within the oven cavity with the door closed keeping odours out of the kitchen and improving efficiency. Having the grill inside the cavity allows for a fan assisted grill function that distributes the heat evenly and creates the perfect cooking environment for grilling cuts of meat.

### HEAVY DUTY CAST IRON TRIVETS

Durable, stable and safe cast iron trivets are normally only on larger cookers. The Emilia EM Series 2 is a market leader with this feature.

### STORAGE COMPARTMENT CONVENIENCE

The storage compartment under the oven allows for the storage of baking trays and cooling racks placing them right where you want them.

### HEIGHT ADJUSTABLE FLEXIBILITY

The cooker is height adjustable up to 910mm to perfectly match your bench height or install on a plinth to build the cooker into your kitchen. An optional stainless steel kickplate can be easily installed for that final finishing touch.

### REMOVABLE INNER DOOR GLASS

The inner door glass is removable making it easy to clean inside the door.
