

#### REMOTE CONTROL

Remote control allows immediate and easy control of functions and room temperature.

#### LED DISPLAY

LED Display allows for easy recognition of your settings.

#### FILTER SYSTEM

The filter collects and sterilises dust particles, generating cooler, cleaner, fresher air.

TECHNICAL SPECIFICATIONS		EV290
Dimensions (H x W x D)	mm	890 x 408 x 282
Rated voltage/Frequency	V/Hz	220-240/50
Cooling power	W	110
Air Flow Speed	m <sup>3</sup> /h	550
Max water injection	L	5.5
Net Weight	Kg	7Kg

#### Features:

- Economical and natural Cooling
- Electronic touch controls with Remote control
- 3 speed fan
- 7 ½ hour countdown timer (½ hour increments)
- Water pump system
- Water level indicator
- Vertical swing louvers
- 2 ice blocks included
- 5.5 litre water tank
- 1 year full warranty
