MICATHERMIC PANEL HEATERS

OPM15E, OPM20E and OPM24E

Features and Benefits

- 2 heat settings and “auto option”
- Convection and radiant heating which distributes warm air throughout the room more evenly
- Fast warm up - Feel the warmth sooner
- Adjustable thermostat - Greater control over the level of comfort and energy consumption
- LCD display with remote control - Clear display with the convenience of remote control operation
- 24 hour timer - Pre-set the ‘turn off’ time
- Castors and wall mountable kits included
- Safety tilt switch and thermal cut-out sensors for greater protection
- IP24 compliant for use in bathroom and kitchen areas
- Ideal for asthmatics or people with respiratory problems

*THE NEXT GENERATION IN
PORTABLE HEATING*
