made for modern families

## MADE FOR MODERN FAMILIES

Westinghouse has been a household name for generations. And while we've been helping Australian families for years, times have changed. And we've changed with them...

Life is so much busier than it used to be, filled with work, extra curricular activities, not to mention just raising a family! We know it's not always easy, which is why all Westinghouse products are designed to make your life a little simpler.

Although we can't solve everything (sorry!), we can help keep your kitchen in control and looking great. So whether it's the auto reheat microwaves for busy mid-week meal dilemmas, or dishwashers that get the perfect wash, no matter how you stack; you can always be sure it's been Made for Modern Families.

Winner of the 2012 Reader's Digest Trusted Brand for Whitegoods.

Models shown: pyrolytic oven POR883S, integrated rangehood EFG750X/A.

## A GUIDE TO BUYING YOUR NEXT FRIDGE

After your house and car, a fridge is one of the more expensive purchases you will make. That's why it's essential you make the right choice. But there are so many different types of fridges out there that it can be overwhelming. That's where Westinghouse can help. In the table below are some guidelines and questions to help you decide on the right fridge for your family.

<b>TYPE/STYLE</b>	Would white, pacific silver or stainless steel suit your kitchen?  Do you have limited space and want all the benefits of a large fridge in a smaller model?  Do you like the aesthetics of a side by side and the idea of an ice and water dispenser?  Do you tend to have a lot of frozen food or do you need more fresh food and drink storage?
<b>DIMENSIONS</b>	Does it need to fit into an existing space? (And remember that fridges need a few centimetres of air space around them to keep them running at their best). Always measure your kitchen cavity and doorways before you choose a fridge.
<b>CAPACITY</b>	As a general rule, a family of two needs around 300L of food storage space. For each additional family member add around 30L. But keep in mind that your family may expand, so when in doubt, go larger. (Larger fridges tend to have more features and be more efficient).
<b>VALUE</b>	Consider which features are really useful to you, but keep in mind that your family's needs may change, so think ahead, or buy a fridge that will adapt to your changes.  Ongoing running costs can eat into your family budget so check the energy rating system (the more stars and the lower kWh per year the better).
<b>EASY CLEANING</b>	Spillsafe™ shelves, easy-to-remove parts, and fingerprint-resistant surfaces can all make a big difference to your workload.
<b>FUNCTIONS &amp; CONTROLS</b>	Manual controls are easy to use. Electronic controls offer a wider range of clever functions including drink chill and door alarms, quick freeze and holiday mode.
<b>SECURITY &amp; RELIABILITY</b>	A fridge or freezer is a considerable investment. Today, there are many brands available of variable history and quality. It pays both financially and for peace-of-mind to ensure that the company that makes your fridge can provide advice, service and support for it well beyond the shop floor.

Westinghouse refrigerators have started converting over to the less harmful R600a refrigerant. That means every day, the family refrigerator can quietly play its own part in reducing the household's impact on the environment. Look out for this symbol, as well as, R600a in the specification tables, to see which models have already changed over.

Westinghouse offers Australia's most extensive range of fridges and freezers, so take a closer look at the vast range of proactive features available.

FEATURE*	MEANING...	BENEFIT TO YOU
Adjustable interiors	Over 20 different shelving and door bin positions, giving you hundreds of possible shelf combinations	It's easy to make everything fit perfectly, from the smallest deli items to the largest party platters
Specialised compartments	Drawers and crispers on telescopic extension slides Differently humidified compartments for fruit and vegetables Twist ice and serve Lockable storesafe™ drawers	Drawers glide out smoothly, no matter how full Keeps fruit and vegetables fresher for longer  Easy access to more ice, more often Keeps medicines safely away from inquisitive little fingers
Electronic controls	Displays average fridge temperature and allows adjustments in 1°C increments 'Quick freeze' boosts freezer to max setting for 90 mins at the touch of a button Alarms sound when the fridge door is left open or the drinks chill timer finishes	Takes the guesswork out of setting your fridge and freezer temperatures Rapidly freezes items to lock in flavours and nutrients  Helps prevent accidental food spoilage

## BLEND PERFECTLY WITH THE IK007 INTEGRATION KIT

The Westinghouse Integrated Refrigeration Kit offers a simple and precise solution for a seamless kitchen. The specialised Westinghouse hinges also allow the fridge door to open to a wide 120°, making it easier to access food as well as clean and remove shelves. In order to prevent unnecessary running around and hidden costs, our unique kit is the only one in the market to come complete with hinges.

### HOW DOES IT WORK?

The kit is designed to fit a wide variety of Top and Bottom Mount Westinghouse Fridges and Vertical Freezers. It utilises a sliding system which fixes the outer door of the fridge to the kitchen cabinet.

When the cabinet door is opened, the connecting rail opens the fridge in one smooth and simple motion.

For all applicable models please refer to product feature table below.

### MODELS THAT CAN BE USED WITH THE INTEGRATION KIT IK007

BOTTOM MOUNT		TOP MOUNT		SINGLE DOOR	
	WBM5100		WTM5200	WTM3300	WRM4300

## SIDE BY SIDES<sup>†</sup>

Like having a full freezer and fridge in one unit? The new 700 litre side by side provides you with the maximum fresh food and freezer storage in one fridge – and with a fresh food section 508mm wide it is truly the fridge big enough for any family.

For those with big families but limited space the compact side by side is the perfect solution. Combining a full-length freezer on the left and a full-length fridge on the right, these models have been specifically designed to fit into the popular 600mm deep and 900mm wide fridge cavity – so you don't have to renovate your kitchen.

### FILTERED ICE & WATER DISPENSER

Available on selected models, our new ice and water dispenser delivers fresh, filtered water and crushed or cubed ice instantly. And to make things easier, the innovative combi-lever lets you do it all using just one hand.

### EASY-FILL DISPENSER FOR WATER BOTTLES

With Aqua Direct, you can fill up water bottles of all shapes and sizes - even those with a narrow neck. It's our new splash-free water dispensing system that is so simple to use, even the kids can do it.

### EASY GLIDE DRAWERS & SPECIALISED COMPARTMENTS

Easy glide freezer bins and fridge crispers\* give easy access without the effort – even when they're full. Humidity controlled crispers keep fruit and vegetables fresh, while deli drawers help isolate odours. Handy storesafe™ drawers put special items safely out of reach.

### COMPACT ICE MAKER

Growing families always need more space. Cleverly designed to create additional storage space, the compact ice maker and removable ice storage bin provide great flexibility and convenience. The ice storage bin is also ideal for filling eskies.

### ADJUSTABLE INTERIORS WITH SPILLSAFE™ GLASS SHELVES

With over 20 different shelving and door bin positions, you can easily fit the smallest deli items to the biggest party platters. Spillsafe™ glass shelves improve visibility and isolate leaks – preventing up to 1 litre of spills from dripping down to the shelves below.

### FINGERPRINT-RESISTANT STAINLESS STEEL DOORS

The innovative fingerprint-resistant stainless steel doors ensure all Westinghouse stainless steel fridges maintain that sleek fingerprint-free look. In fact, a damp cloth should be all you need to remove marks from any Westinghouse fridge or freezer.

### BLUE FEATURE LIGHTING

Available on selected models, blue feature lighting increases visibility and enhances the stylish design of the fridge interior.

### ELECTRONIC CONTROLS

Organising your fridge couldn't be easier! Separate temperature controls, fast chill for drinks and eco/holiday modes allow you to adjust your fridge to suit your lifestyle at the touch of a button.

## FRENCH DOOR<sup>†</sup>

Enjoy cooking for the extended family or entertaining friends?

You can truly have the best of everything with this stylish new fridge/freezer. A generous modern design that fits into most existing fridge spaces. Update your kitchen without changing the layout!

Available in a swing door or drawer freezer, this stunning new French door design features contemporary curved lines and a wide fridge layout. The wide-open fridge space easily fits platters, plentiful fresh food and multiple bottles and cans so you can see everything at a glance.

For the mini master chef in your family, enjoy the self-closing freezer drawers (no more melted ice-cream!) and fingerprint resistant stainless steel. Other features include: a drinks chill alarm, door alarm, specialised feature lighting and stylish bar handles.

### STANDS OUT & FITS IN

Stunning contemporary curved design that at 790mm fits most existing 800mm cavities.

### DRINKS CHILL ALARM

The handy drinks chill alarm reminds you that drinks put in the freezer need to be removed. No more frozen soft drinks!

### WIDE OPEN FRIDGE SPACE

The French door design delivers a wide fridge space that's perfect for platters, or plentiful fresh food.

### DOOR ALARM

Leaving the fridge door open spoils food and allows bacteria to breed. The door alarm sounds after two minutes if anyone forgets to close it.

### WIRE BOTTLE RACK

Store multiple bottles without taking up too much fridge space.

### EASY GLIDE CRISPER

Easy to access crispers make life easy. The telescopic runners make them a joy to open, and the divided design means you only need to open one door to access each crisper.

### FREEZER STYLE OPTION

Available in either a drawer or swing door freezer to suit any preference or kitchen layout.

### TWIST ICE SERVE

Twist ice and serve with ice caddy provides you with easy access to more ice, more often.

## BOTTOM MOUNTS<sup>†</sup>

We understand that fresh food is important. So we created a bottom mount with the freezer located below the fridge to give you easy access to the section your family will use the most – the fresh food compartment.

### INTERNAL ELECTRONIC CONTROLS

With easy-to-reach electronic functions\* like Fast Freeze, Drink Chill Timer, Temperature Controls and Eco mode, your Westinghouse refrigerator can be quickly adjusted to suit you, your family and your lifestyle.

### EASY GLIDE CRISPERS AND FREEZER BINS

Telescopic freezer bins and fridge crispers\* give the whole family quick and easy access without the effort – even when they're full.

### TWIST ICE AND SERVE\*

Twist ice and serve is an easy way to dispense ice. The removable ice bucket and scoop makes serving simple. (selected models only)

### FINGERPRINT-RESISTANT STAINLESS STEEL DOORS

The innovative fingerprint-resistant stainless steel\* doors ensure all Westinghouse stainless steel fridges maintain that sleek fingerprint-free look. In fact, a damp cloth should be all you need to remove marks from any Westinghouse fridge or freezer.

### CHILL STREAM®

A chill stream® air curtain is directed down the front of the fridge from the top compartment, keeping your drinks at the front perfectly cold without freezing items at the back.

### BLUE FEATURE LIGHTING

Available on selected models, blue feature lighting increases visibility and enhances the stylish design of the fridge interior.

### ADJUSTABLE INTERIORS WITH SPILLSAFE™ GLASS SHELVES

With over 20 different shelving and door bin positions, you can easily fit the smallest deli items to the biggest party platters. Spillsafe™ glass shelves improve visibility and isolate leaks – preventing up to 1 litre of spills from dripping down to the shelves below.

### INTEGRATED or BAR HANDLE

Selected models have bar handles whilst all others have integrated handles, giving you the choice of handle that suits your needs.

## TOP MOUNTS – COMPACT (180L–330L)<sup>†</sup>

A small fridge that thinks it's a big fridge – or perhaps that should be the other way round. Offering the capacity and features normally found in larger models, these fridges offer the best of both worlds for homes where kitchen space is at a premium.

### ADJUSTABLE INTERIORS

With easily repositionable and removable shelves and bins, you have over 20 different shelving and door bin positions, allowing you to fit the smallest deli items to the biggest party platters. (On selected models.)

### SPECIALISED COMPARTMENTS

Keep your fruit and vegetables fresh with humidity controlled crispers while the chiller compartment allows you to store perishable food for longer.

### FINGERPRINT-RESISTANT PACIFIC SILVER DOORS

The innovative fingerprint-resistant Pacific Silver doors ensure all Westinghouse Pacific Silver fridges maintain that sleek fingerprint-free look. In fact, a damp cloth should be all you need to remove marks from any Westinghouse fridge or freezer.

### LARGE CAPACITY FRIDGE

More fridge space where you need it most! Up to 255 litres dedicated to the fridge compartment, for all your fresh food requirements.

### MULTI-FLOW

Selected models have the multi-flow airflow system which maintains an even temperature throughout – keeping your food fresher for longer.

### SPILLSAFE™ GLASS SHELVES

Selected models are fitted with adjustable, durable glass shelves which contain spills and can be wiped clean with ease. Selected models come with a spill-safe™ glass shelf in the freezer.

### BOTTLE CADDY

On selected models, a ridged caddy lets you keep up to six bottles stacked neatly for easy access.

### TWIST ICE AND SERVE

Twist ice and serve is an easy way to dispense ice. (On selected models)

## VERTICALS AND PIGEON PAIRS

Westinghouse's vertical fridges and freezers can be combined in one space to give you a pigeon pair. This provides you with the maximum fresh food and freezer storage in one unit – truly the big fridge for the big family. Or they can be placed in separate places to give you best utilisation of space in your kitchen/home. Best of all, their interior is as flexible as their exterior.

### EASY GLIDE CRISPERS AND FREEZER BINS\*

Telescopic freezer bins and fridge crispers give the whole family quick and easy access without the effort – even when they're full.

### TWIST ICE AND SERVE

Twist ice and serve is an easy way to dispense ice.

### ADJUSTABLE INTERIORS

With over 20 different shelving and door bin positions, you can easily fit the smallest deli items to the biggest party platters.

### SPILL SAFE GLASS SHELVES

Spill safe glass shelves improve visibility and isolate leaks – preventing up to 1 litre of spills from dripping down to the shelves below.

### CHILL STREAM®

A chill stream® air curtain is directed down the front of the fridge from the top compartment, keeping your drinks at the front perfectly cold without freezing items at the back.

### FINGERPRINT-RESISTANT STAINLESS STEEL DOORS

The innovative fingerprint-resistant stainless steel doors ensure all Westinghouse stainless steel fridges maintain that sleek fingerprint-free look. In fact, a damp cloth should be all you need to remove marks from any Westinghouse fridge or freezer.

### BOTTLE CADDY

All models have bottle caddies – providing you with a practical solution for storing and organising all kinds of bottles.

### ENVIRONMENTALLY FRIENDLY

Westinghouse refrigerators and freezers have started converting over to the less harmful R600a refrigerant. Look out for this symbol, as well as, R600a in the specification tables, to see which models have already changed over.

<sup>†</sup> Refer to the product information on the back page of this brochure. <sup>‡</sup>For those single door models with telescopic extension slide-out bins or crispers situated with the door opening against the wall, clearance requirement increases from 350mm to 450mm.

For information on installation of integration kits for top mounts, bottom mounts and pigeon pair models, please refer to [www.westinghouse.com.au](http://www.westinghouse.com.au)

## FRENCH DOOR<sup>†</sup>

WHE5100SA-D, WHE5000SA-R

### Minimum recommended Airspaces

These are the recommended minimum clearances.

If you do not have a cupboard with a rear gap, the recommended clearance area on top increases from 50mm to 90mm (x) and from 32mm to 72mm (y).

#### Please note:

If 5 mm side clearance, the fridge cabinet must sit at least 5 mm proud of kitchen cabinetry for doors to open. A 5 mm side clearance requires 50 mm rear clearance and 50–90mm clearance above.

MODEL	MAX DOOR HEIGHT	CABINET HEIGHT	TOTAL HEIGHT	DOOR WIDTH	CABINET WIDTH	TOTAL DEPTH	CABINET DEPTH	DEPTH DOOR OPEN
WHE5100SA-D	1730	1702	1730	800	790	767	612	1050

### Minimum recommended airspaces

These are the recommended minimum clearances.

If you do not have a cupboard with a rear gap, the recommended clearance on top increases from 50mm to 90mm (x) and 32mm to 72mm (y).

**Please note:**  
Doors are designed to sit proud of cabinetry (not flush).

When positioned in a corner area, spacing of at least 350mm on the fridge side will allow the doors to open enough to enable the removal of the crisper bins and shelves. This required clearance increases to 550mm for those models with telescopic extension slide-out bins.

#### TOP SERVICE

Top Service encompasses the after sales service provided by The Electrolux Group to consumers including delivery, home service and spare parts.

#### WARRANTY

Electrolux Home Products Pty Ltd warrants that for domestic application, the Westinghouse products featured in this brochure are free from defects in materials and workmanship for a period of 2 years (3 months for commercial applications) from the date of first purchase, subject to the conditions set out in the warranty card accompanying the product when purchased. An additional 3 year warranty is also provided for domestic applications to cover replacement of parts for the sealed refrigeration system only.

#### † PRODUCT INFORMATION

The descriptors and illustrations in this publication apply to the specific products and models described as at the date of issue. Under our policy of continuous product development, product specifications may change without notice. Prospective purchasers should therefore check with their retailer to ensure this publication correctly describes the products that are being offered for sale. All information supplied is to be used for general reference purposes only and is on the understanding that Electrolux Home Products Pty Ltd will not be liable for any loss, liability or damage of whatever kind arising as a result of reliance on such information. Colours of products illustrated are as close as printing limitations allow. Electrolux will at all times comply with its obligations pursuant to law including Competition and Consumer Act 2010 (Australian Consumer Law and Regulations).
